

My review of the Balmer lawn hotel

When I walk into the Balmer lawn hotel, I have happy thoughts and laughter running through me. I love it when the receptionists give me a lolly to make me welcome. The hotel has many facilities such as an indoor and outdoor swimming pool, squash and tennis courts which are full size they are great. I love the rooms they are relaxing, big, comfortable and have lovely views into the forest. They have many types of beds such as bunk, single and big beds. In the lounge they have a big cupboard with many fun and exciting games they are great. I love Sundays at the Balmer lawn because they have Sunday jazz and cricket on the hotel greens. Overall the best thing at the Balmer lawn hotel is on boxing and Christmas day because they have lovely meals. Boxing day is the most exciting day because they have a drag hunt on the hotel greens it is great to watch. That is my review of the Balmer lawn hotel. Balmer lawn is the BEST
