Team Building

If you're looking to host a corporate away day for your team, why not treat your colleagues to some team building activities?

At Balmer Lawn, we're proud to be surrounded by acres of New Forest countryside, with plenty of space to host a wide array of outdoor activities for our guests.

If your agenda allows some time for team building, we have a variety of different experiences to offer. From a Cocktail Masterclass, Chocolate Making or Star Gazing after dinner with our renowned astronomer. A guided walk off the beaten track of the New Forest or combine this by foraging for edible plants to create curds, canapes and even cocktails with your finds.

Alternatively, we work with Team Building Suppliers who offer Treasure Hunts, Archery, Duck Herding and many more land or water based activities.

If you would prefer a more structured activity to either set your team up for the day, help your team get over the 'hump' of the day or to change pace and drive your teams out of business mode after a long day, we have some clever creative ideas for you.

We look forward to
hearing from you soon!
